

Thank you for your interest in joining the Longbranch Improvement Club (LIC). For over a century the LIC has been a foundation of life on the Key Peninsula; supporting our schools and students, aiding in social and charitable agencies; entertaining with dances, concerts and speakers; preserving both our historic Mosquito Fleet-era marina and building. The LIC is where friends and neighbors gather to exchange news, views, information and to socialize. Your participation and interest are welcomed!

The LIC offers three basic memberships:

Regular Membership - \$25 for Individual or \$40 for Couple

- Must reside full or part time on the south end of the Key Peninsula (south of the Lackey Rd intersection)
- Submission of application for approval
- Payment of full annual dues with application

Associate Membership - \$25 for Individual or \$40 for Couple

- Submission of application for approval
- Full payment of annual dues
- *Cannot vote at meetings or hold elective office

Friend Membership – no KP residence requirements, this is for email communication, newsletters and club notifications only

- Submission of application form

We also offer Qualified Memberships, which are Regular or Associate members who attend at least three general membership meetings annually and perform at least fifteen volunteer hours for the LIC each year. Qualified members can be considered for moorage at our marina and can rent our historic building at a discounted rate. Qualified Associate members may be eligible for moorage if no Qualified members are on the waiting list when a desired slip becomes available.

All members received the monthly LIC newsletter (either via USPS or email) and all event notices.

Please send your completed application and payment to:
